- Choose your combination of standard or face-out display shelves
- Wide range of colours to suit any interior

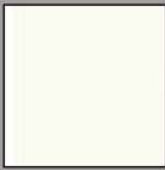

Mobile bookcases

Colours and extras

Ferrara oak

White

Grey

Active Bookcases are available in three carcass colours, Ferrara Oak, White and Grey. The outer accent trim band can be selected from a wide range of laminate colours, to suit any interior. We can help you select a colour to work with your existing library colour scheme.

Bookcase Sign holders - included

Each Active Bookcase comes fitted with a flexible signage system consisting of an acrylic sleeve in a grooved block. We can also supply attractive graphic inserts with your chosen text for an additional £8 per insert. Note: Units are double-sided so two inserts per bookcase are needed.

Waterfall Display Unit - only £110

Replace the top shelf of your bookcase with one of our unique Waterfall Display Units to instantly create eye-catching, face-forward display. This unit offers capacity for 36 standard-size paperbacks (two deep). It sits safely on the second shelf of the bookcase and can be easily lifted off and moved to another Active Bookcase to keep your displays dynamic.

Retail-style shelving

Easy to merchandise,
easy to browse.

Bookcases are supplied with four of our unique, reversible L-shaped shelves which can be turned to take large and small format books.

Shallow setting - turn L-shaped shelves this way for standard size hardback/paperback fiction and non-fiction.

Deep setting - turn L-shaped shelves this way for large format books which would hang over the edge of a standard shelf.

Display shelf

Create instant promotional hot-spots by fitting one display shelf and three reversible shelves at no extra cost. Displays up to 10 face-forward standard-size paperbacks, two deep. Please state number required when ordering.
